MESSAGE FROM THE DIRECTOR OF PROVINCIAL INSTITUTE FOR TEACHER EDUCATION

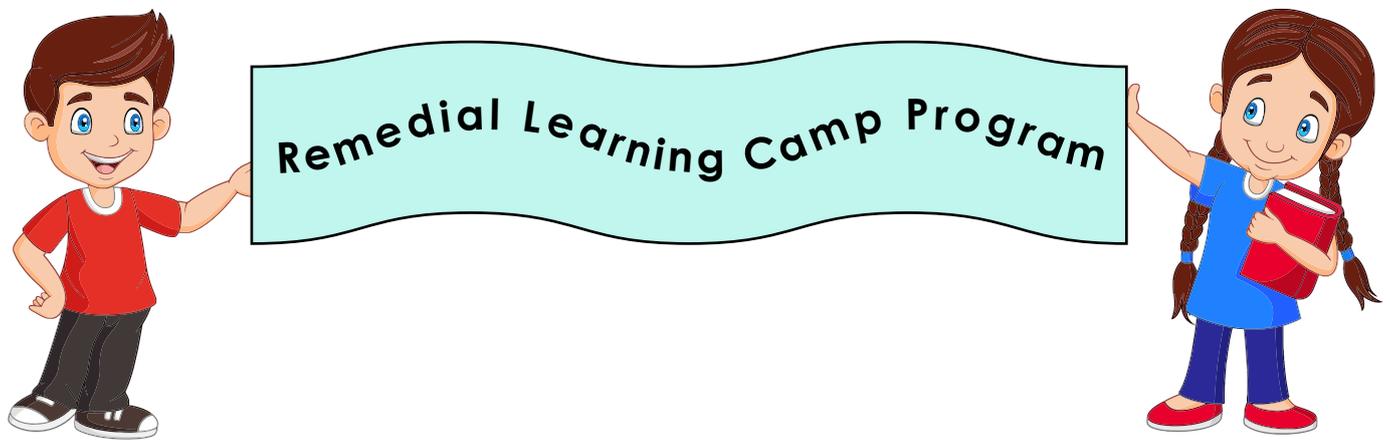

I take the opportunity to express my sincere appreciation and heartfelt gratitude to the Government of the Netherlands for the financial provision and UNICEF (Balochistan) for technical support in the development process of the Remedial Learning Camp Program (RLCP). The outstanding efforts and contributions of the Continuous Professional Development (CPD) Provincial Institute of Teacher Education (PITE), Secondary Education Department (SED) Balochistan and the Education Support Program (ESP), Directorate of Education (DOE) Schools, team members have been exceptional. The energy and dedication of all team members have been exemplary. Would also like to extend my sincere thanks to the lead consultant Ms. Noshin Khan for developing and designing a remedial program embedded in research and contextualized to meet the indigenous needs of the children of Balochistan.

Being an integral part of the development process of the Remedial Learning Camp Program has not only been an honor but also an intensive journey of learning. The opportunity to work for the children of Balochistan gives me inner satisfaction and a sense of purpose. Reflecting on how this program has shaped my understanding of effective teaching and learning made me appreciate everyone involved in this process.

As a director of PITE, I am pleased to work with such a talented and dedicated team. Thank you, team, for your continued efforts and for upholding our shared values. I look forward to witnessing my team's continued success and impact in Balochistan. In the end, once again I am indebted to the financial support of the Government of the Netherlands and UNICEF (Balochistan) for making this program possible.

Sincerely,

Shamsullah Kiral (Director PITE)

Balochistan has been described as fertile land; a metaphor used to describe the human potential of the indigenous people of Balochistan. However, this potential remains untapped due to limited access and poor-quality educational experiences. The few exposed to educational opportunities are reined in by outdated teaching and practices which are deeply embedded in rote learning. The innate talent of the young gets lost in teaching practices that kill creativity and questioning powers.

Data from the field exposed the inadequacies of teaching and learning across the province. In a conscious effort to ease the organic issues of education in Balochistan, extensive and intensive research was conducted to select and contextualize strategies that looked most promising in the given situation. During the exploration and planning stage, it was realized that foundational literacy and numeracy skills are key to boosting the education of fledgling minds. The loss of education i.e., not studying (basic skills) at the right level creates gaping pits in the learning and development of children. Once lost, no matter how much effort is exerted the gaps in learning will remain throughout life.

To catch children at the right age for brain development and learning it is imperative to introduce the concept of Teaching at the Right Level (TaRL). Through the Remedial Learning Camp Programme (RLCP) developed for the marginalized children of Balochistan foundational literacy and numeracy skills are being targeted within the school system. As discussed in every segment of society and within each tier of the education sector of Balochistan foundation literacy and numeracy skills are key to optimising lifelong opportunities for children across Balochistan.

Given the multi-dimensional educational crisis in Balochistan, the RLCP is the brainchild of several education experts whose forte lies in developing organic curriculums and programs. The collective wisdom of several brilliant minds has put in great efforts to create a sustainable model of education that will fill the gaps in learning and teaching. Active and joyful learning is an integral part of this program.

This RLCP defies the current norms and educational practices of rote learning and text-heavy practices and is a huge departure from ordinary classroom practice. It is hoped that the *Teacher Diaries*, *Student Workbooks*, and *Teaching Aids* along with consistent support through monitoring and mentoring will not only enrich children's learning experience but also bring smiles to their beautiful faces.

To achieve the aims of this program, the learning camps have been equipped with the latest learning resources like learning corners, smart screens, and solar systems. The use of technology will enhance the learning experience and make it worthwhile for the young children who are the future of Balochistan. However, the success of the programs lies in making children lifelong learners.

In the first phase, the program will be rolled out in Zhob, Killa Saifullah, Chamman, Killa Abdullah, Pishin, and Quetta where 300 learning camps will be initiated for 12000 girls and boys. We look forward to seeing the change in the children enrolled in this program and hope to spread the program far and wide.

Welcome to our remedial camp!

We are excited to have you join us for a rewarding and enriching learning experience. Here are some important points that will make your learning camp experience fun.

Living And Non-Living

Date: _____ Day: _____ Month: _____

Directions

Paste the pictures of living and non-living things in the correct column.

Living Things

Non-Living Things

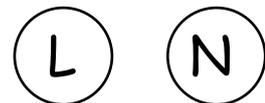

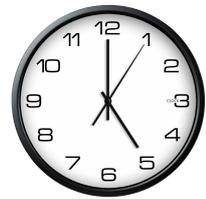

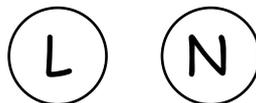

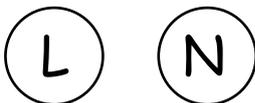

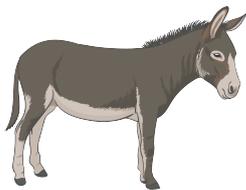

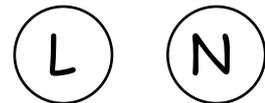

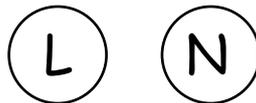

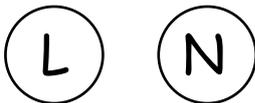

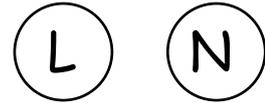

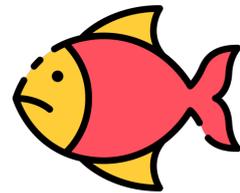

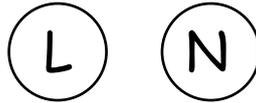

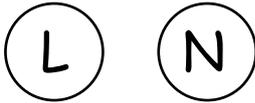

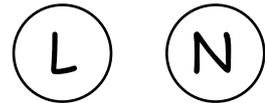

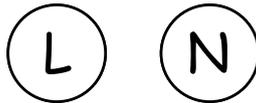

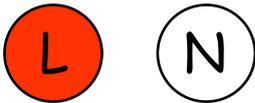

SCIENCE

Living And Non-Living

Date: _____ Day: _____ Month: _____

Directions

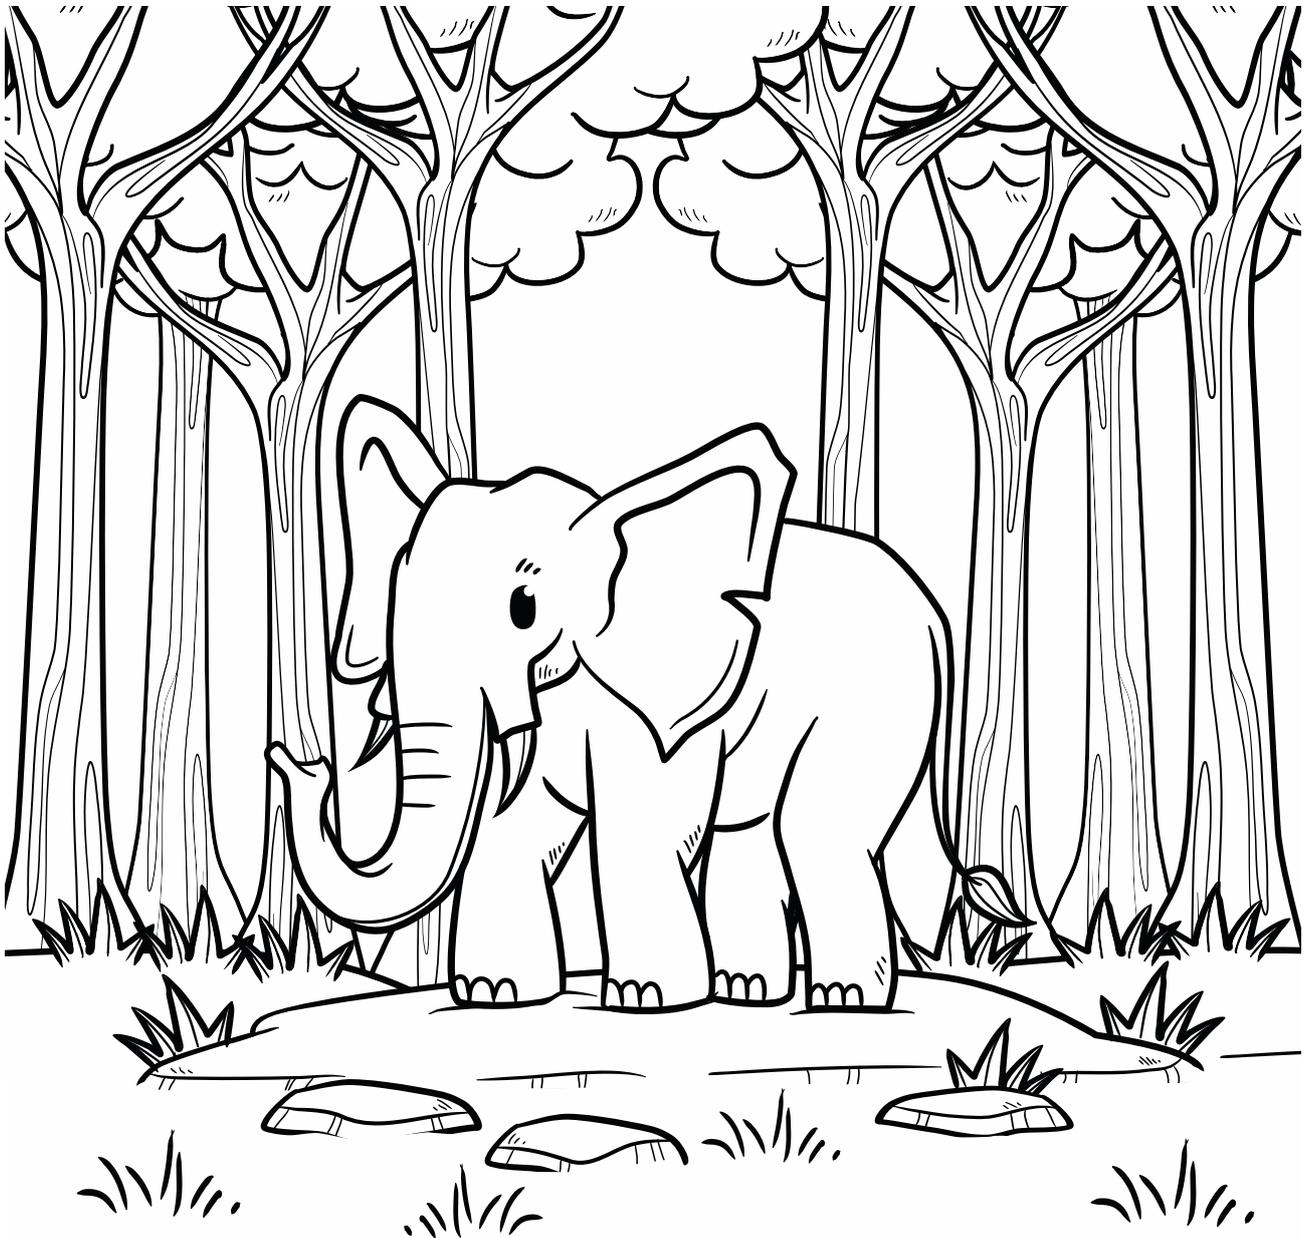

Identify the picture and color the correct circle
(L=living & N=Non-living).

Date: _____ Day: _____ Month: _____

Directions

Color the picture of the real environment given below.

Date: _____ Day: _____ Month: _____

Directions

Color the picture of the imaginary environment given below.

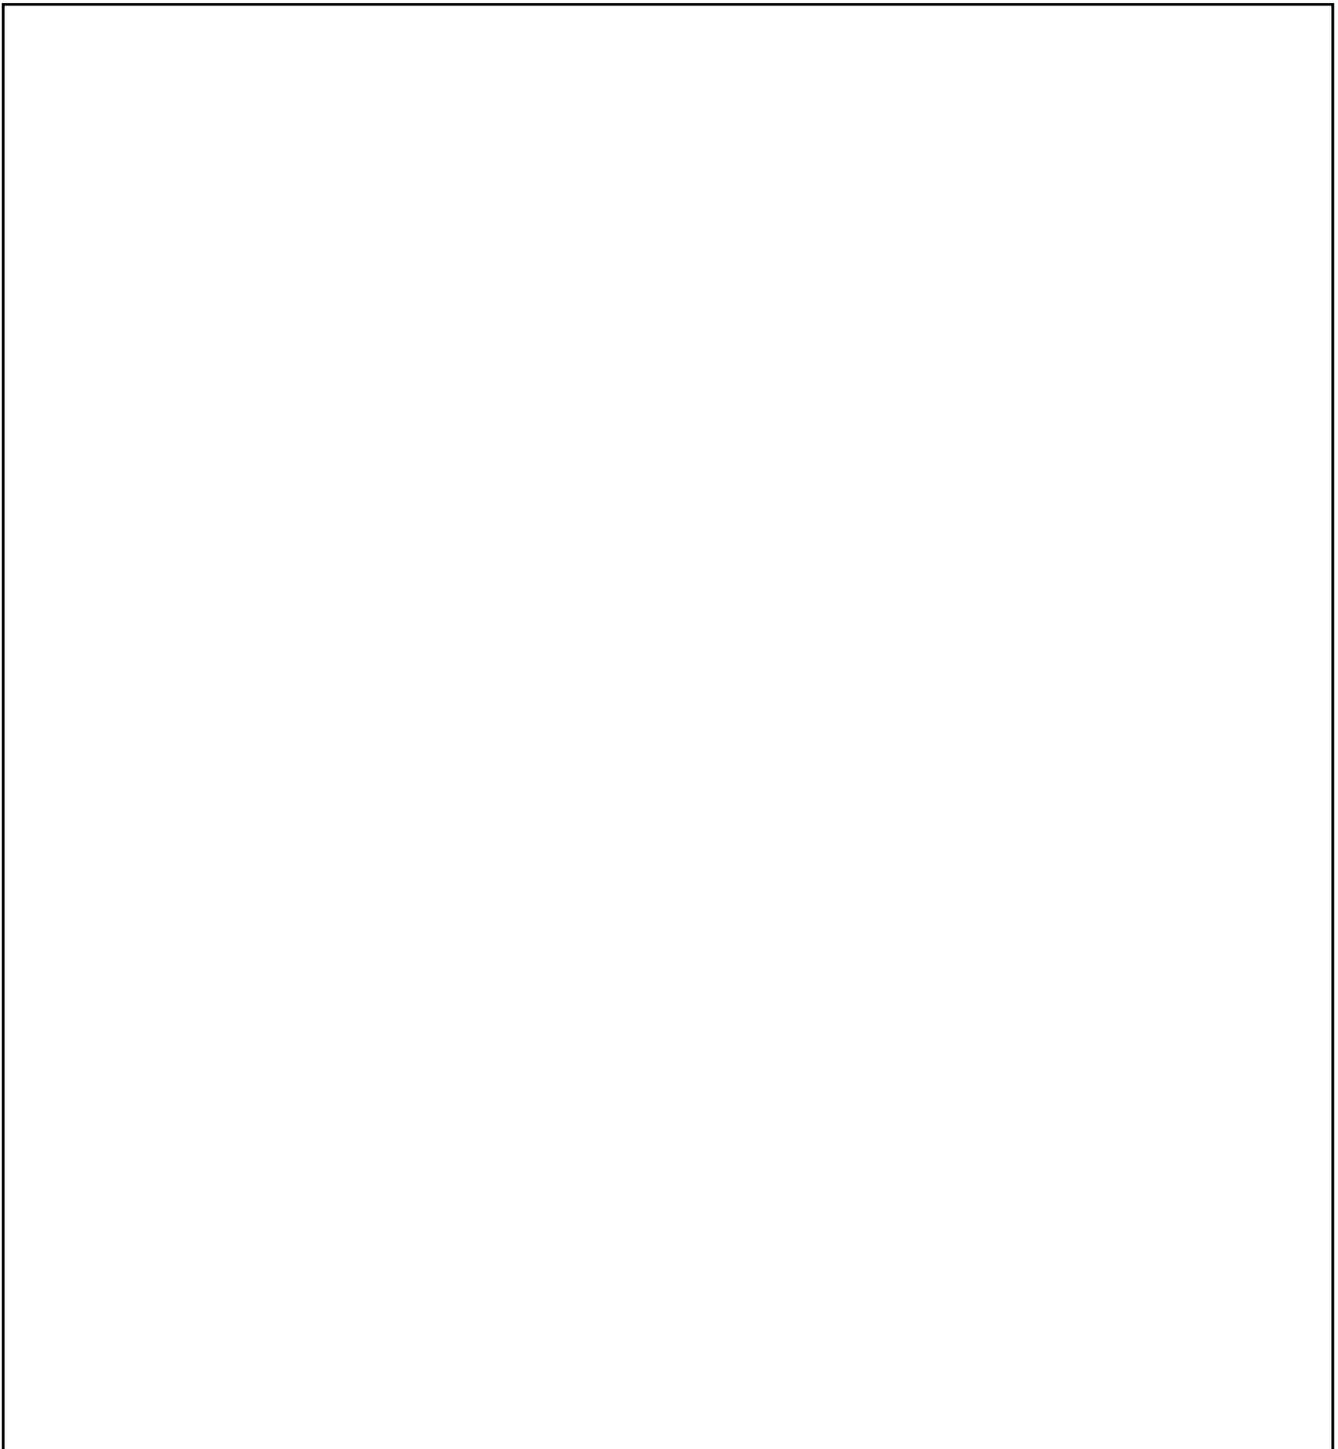

SCIENCE

Environment

Date: _____ Day: _____ Month: _____

Directions

Draw and color an environment of your choice (real or imaginary).

Date: _____ Day: _____ Month: _____

Directions

Color the following picture.

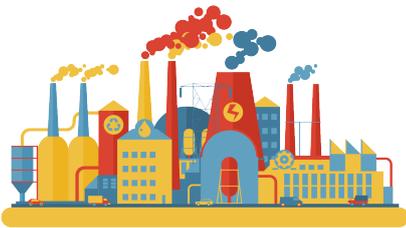

Date: _____ Day: _____ Month: _____

Directions

Match the picture to the type of pollution.

Water Pollution

Land Pollution

Noise Pollution

Air Pollution

SCIENCE

Pollution

Date: _____ Day: _____ Month: _____

Directions

Choose and write the correct headings for the given pictures.

Land Pollution

Water Pollution

Noise Pollution

Air Pollution

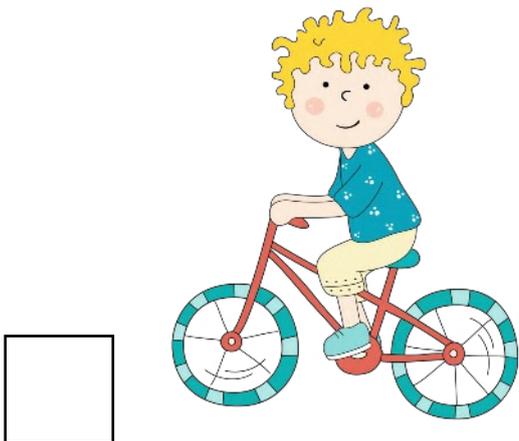

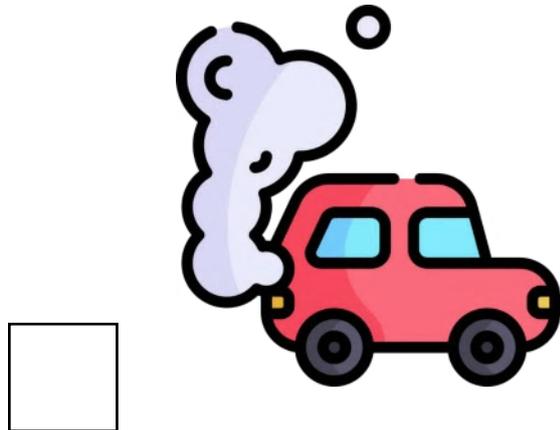

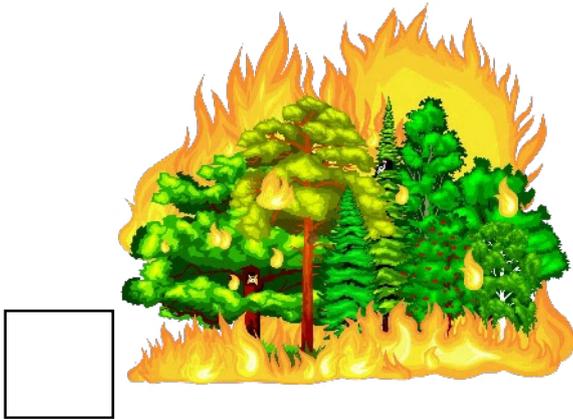

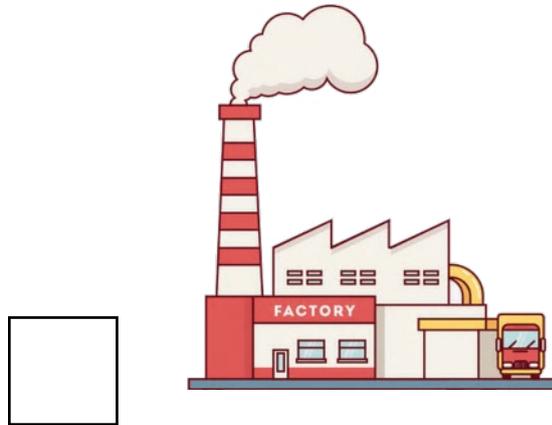

SCIENCE

Air and Water Pollution

Date: _____ Day: _____ Month: _____

Directions

Check the boxes that show the causes of climate change.

SCIENCE

Air and Water Pollution

Date: _____ Day: _____ Month: _____

Directions

Draw and color pictures in the correct column .

Good For The Earth

Bad For The Earth

SCIENCE**Air and Water Pollution**

Date: _____ Day: _____ Month: _____

Directions

Draw and color pictures of clean and dirty water in the appropriate jars. Then share your work with your friend and talk about what would happen if we had no clean water.

Clean Water

Dirty Water

SCIENCE

Land and Noise Pollution

Date: _____ Day: _____ Month: _____

Directions

Color the following picture.

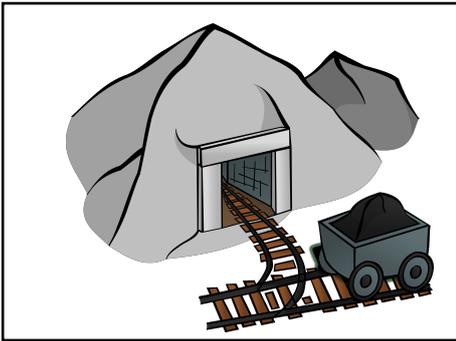

SCIENCE

Land Pollution

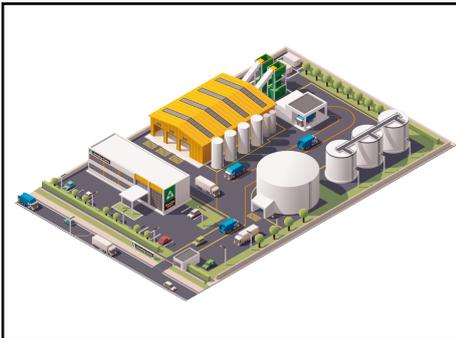

Date: _____ Day: _____ Month: _____

Directions

Match the pictures with their labels in the box.

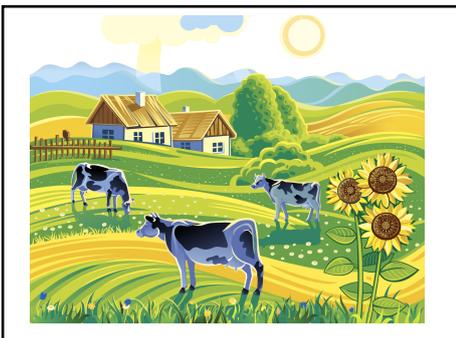

farming

garbage

mining

factories

SCIENCE

Noise Pollution

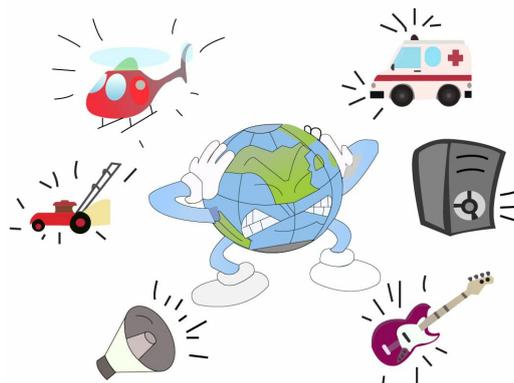

Date: _____ Day: _____ Month: _____

Directions

What do you think causes noise pollution in your life. Draw a picture of what causes noise pollution in your life.

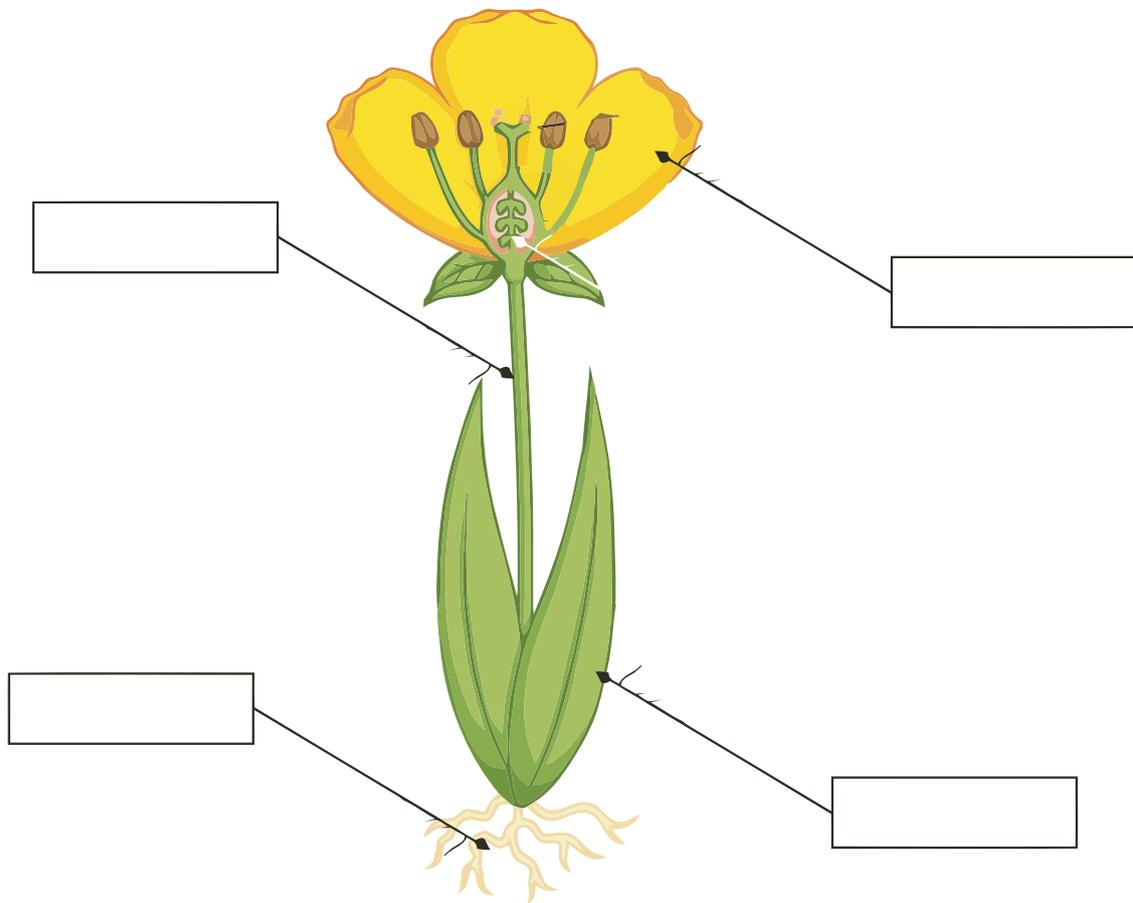

Examples of noise pollution.

Date: _____ Day: _____ Month: _____

Directions

Label the parts of the following plant.

roots

leaf

flower

stem

SCIENCE

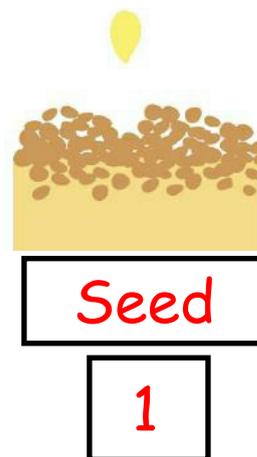

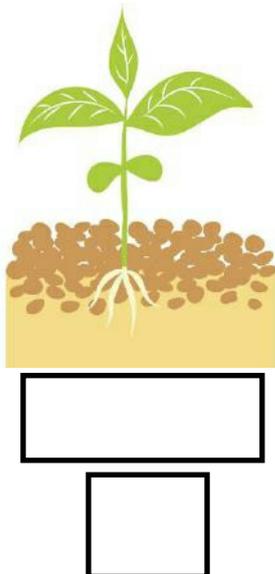

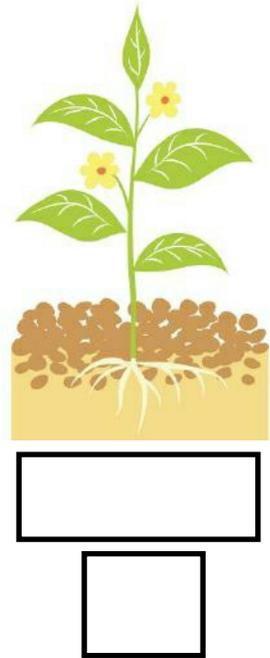

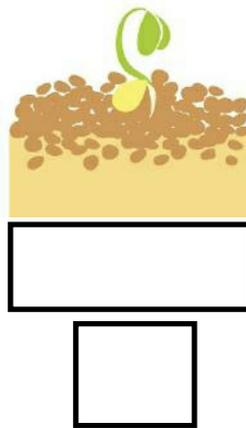

Life Cycles

Date: _____ Day: _____ Month: _____

Directions

Write numbers 1 to 5 to show the correct order of the plant's life cycle. Label each step.

sprout seed fruit flower plant

SCIENCE

Life Cycles

Date: _____ Day: _____ Month: _____

F _ _ _

3
F _ _ _ _

SCIENCE**My Senses**

Date: _____ Day: _____ Month: _____

Directions

Draw and write an example of each sense.

things I see	things I hear
things I touch	things I smell
things I taste	

SCIENCE

My Senses

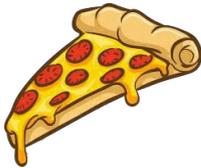

Date: _____ Day: _____ Month: _____

Directions

Label the senses on the right. Draw a line to match with the relevant objects.

see	hear	touch	taste	smell
-----	------	-------	-------	-------

SCIENCE

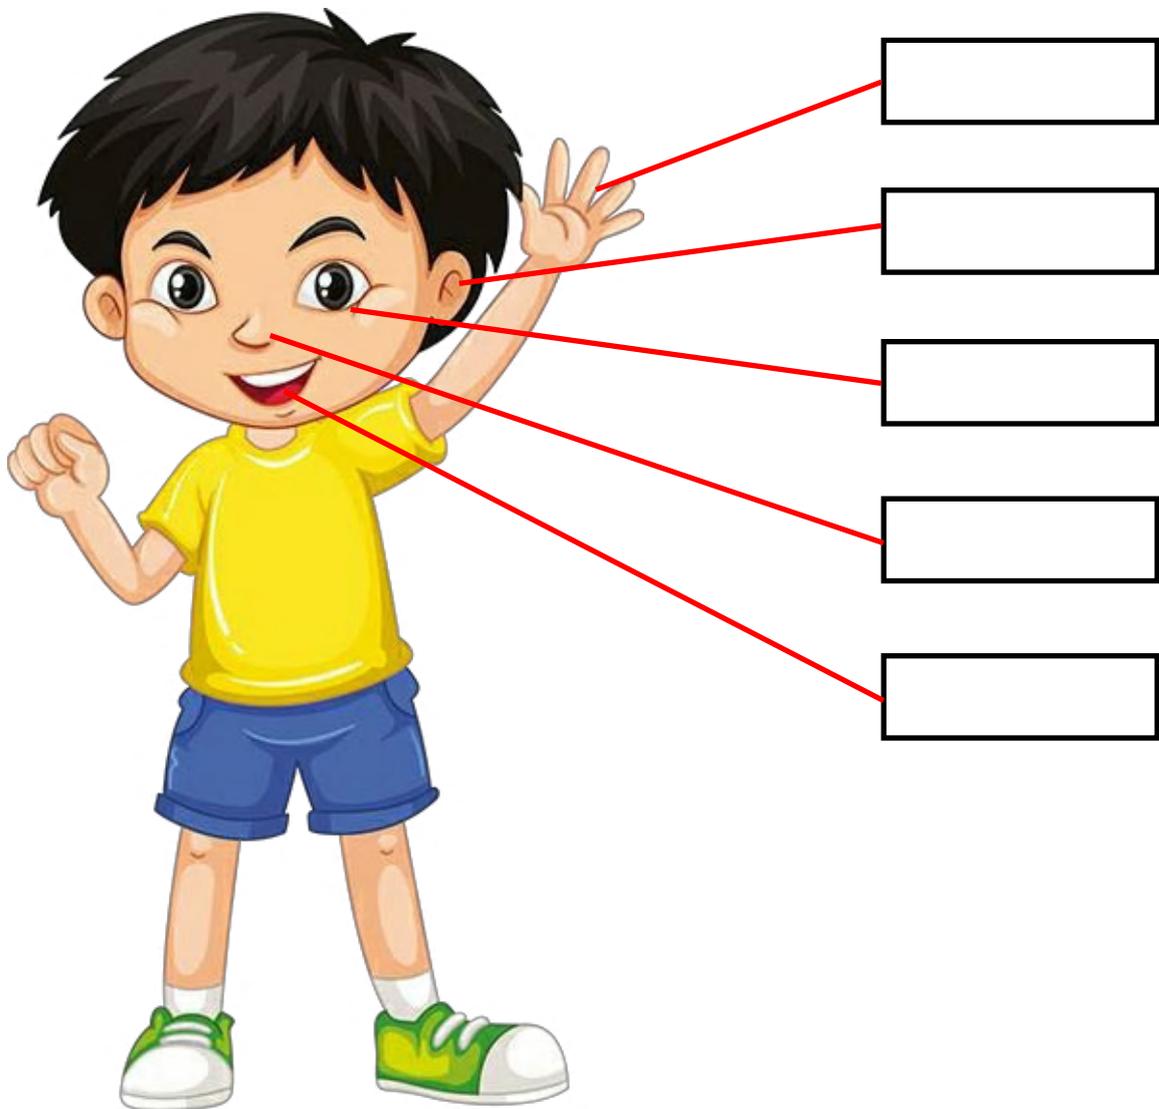

My Senses

Date: _____ Day: _____ Month: _____

Directions

Write the senses of each body part.

See	Hear	Touch	Taste	Smell
-----	------	-------	-------	-------

Which two senses do you use most when you are eating?

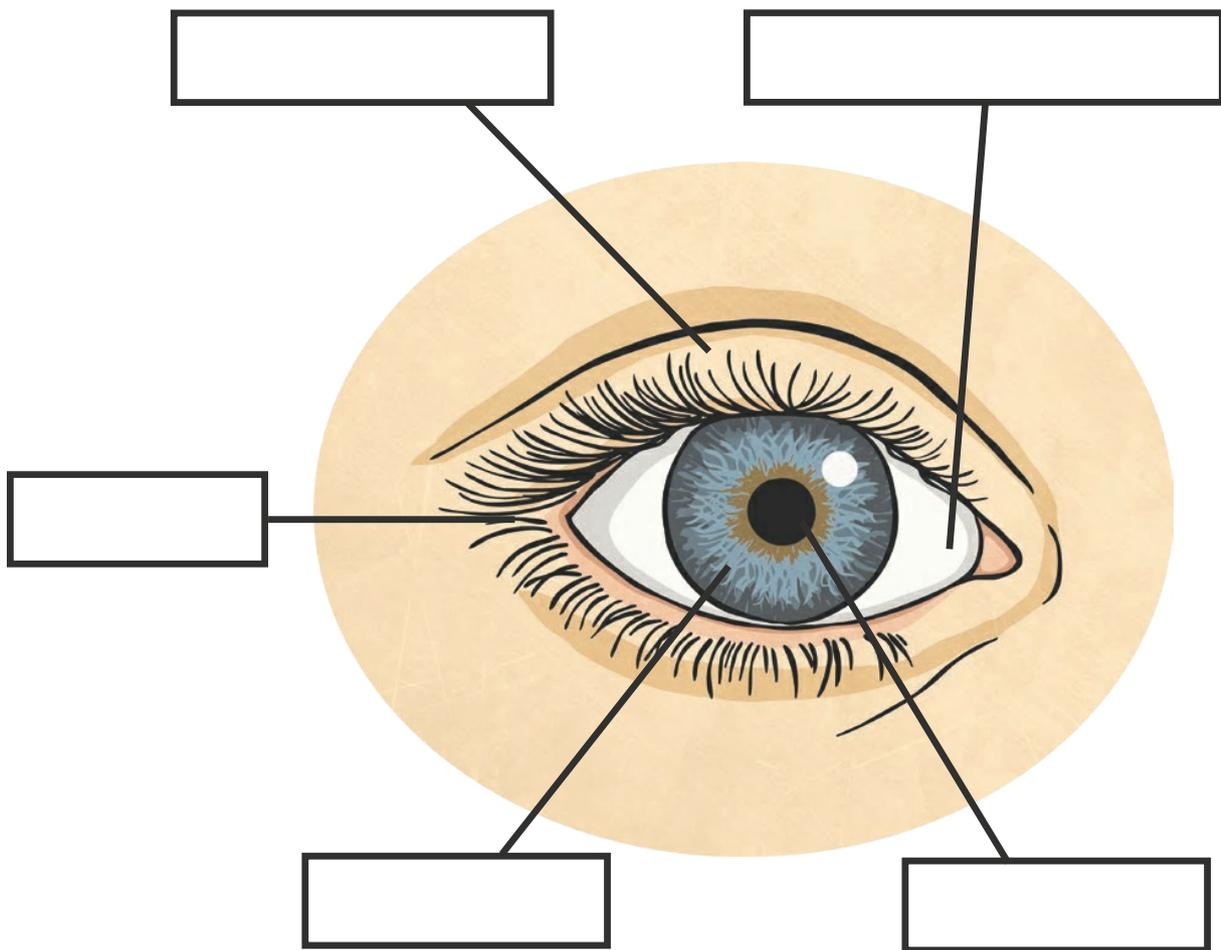

SCIENCE

Understanding My Senses

Date: _____ Day: _____ Month: _____

Directions

Can you label the parts of the eye in the diagrams below?

sclera

eyelid

eyelashes

pupil

iris

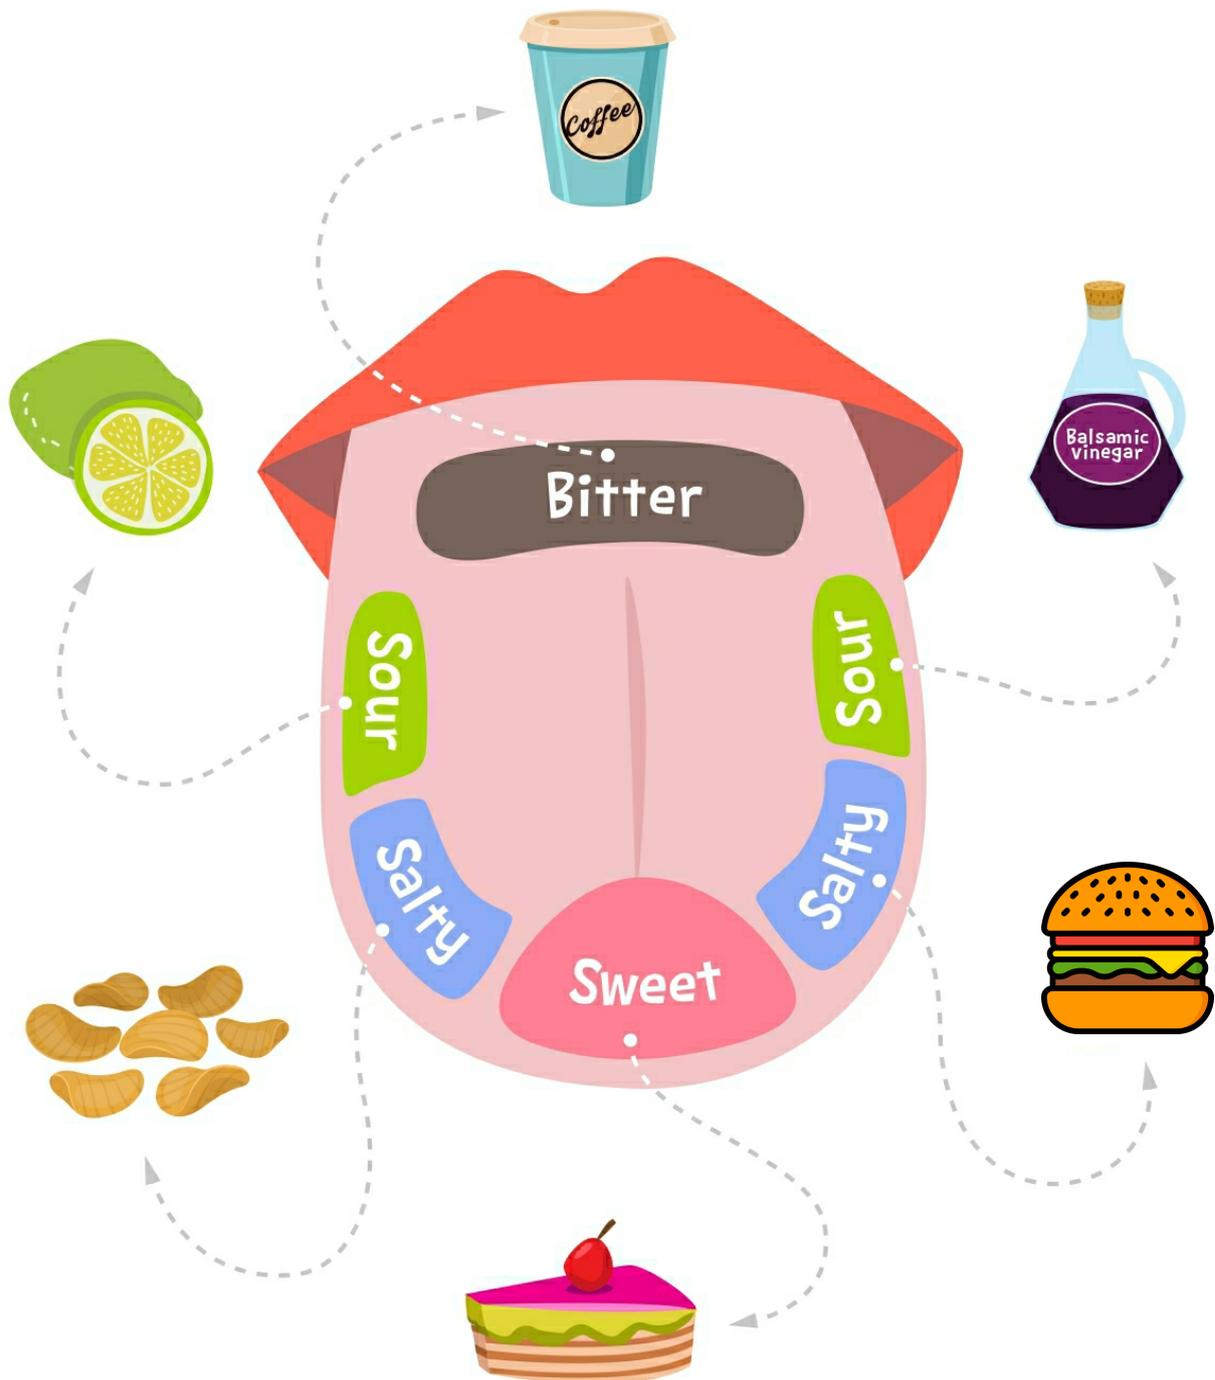

SCIENCE

Understanding My Senses

Date: _____ Day: _____ Month: _____

Directions

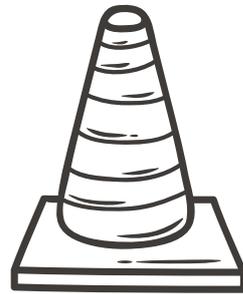

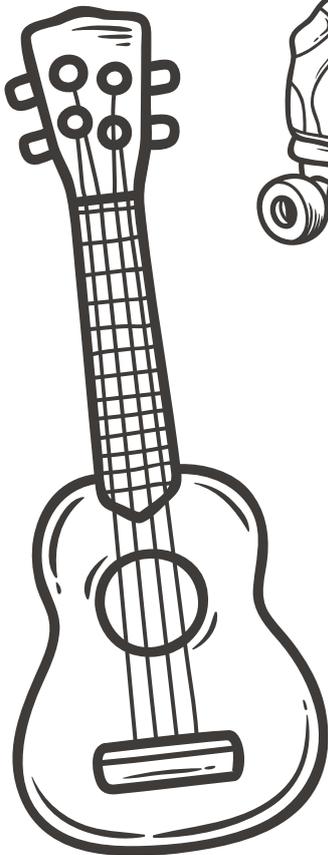

Trace the lines to match the food items with the taste words on the tongue.

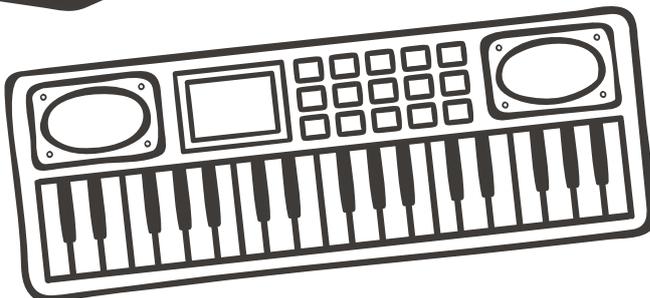

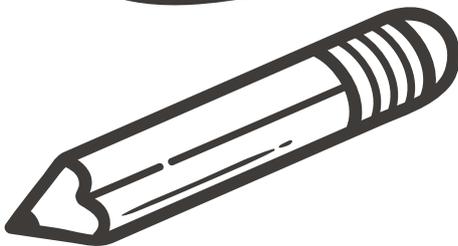

Date: _____ Day: _____ Month: _____

Directions

Color the items that you can hear.

Hear

SCIENCE

Understanding My Senses

Date: _____ Day: _____ Month: _____

Directions

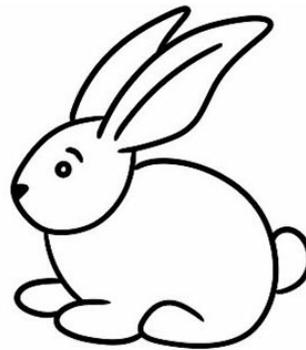

Fill in the blanks using the words from the word bank.

I touch a _____

With my _____

He feels _____

I am thankful for my

soft

hands

rabbit

hand

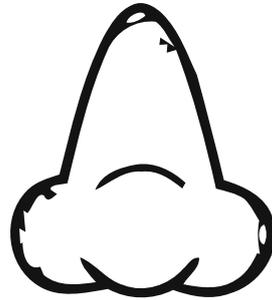

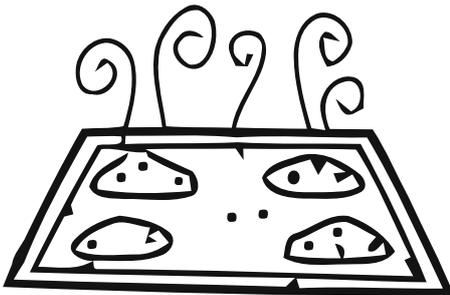

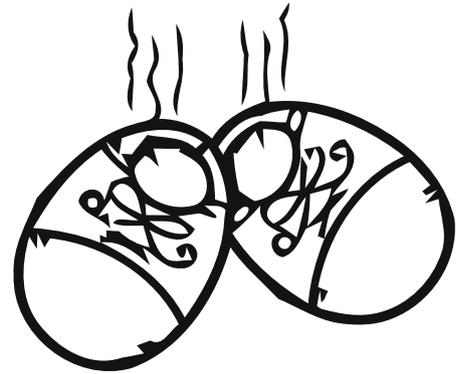

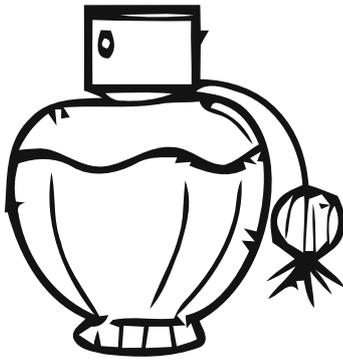

SCIENCE

Understanding My Senses

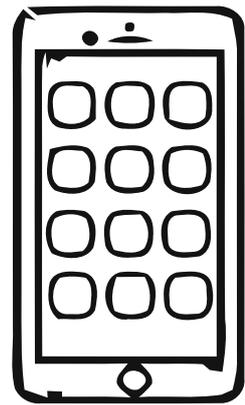

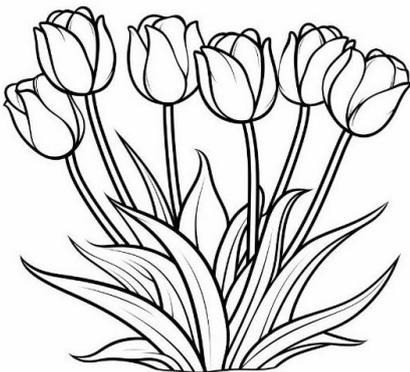

Date: _____ Day: _____ Month: _____

Directions

Color the items that you can smell.

smell

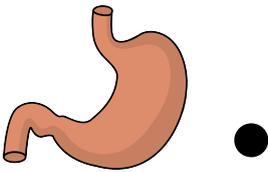

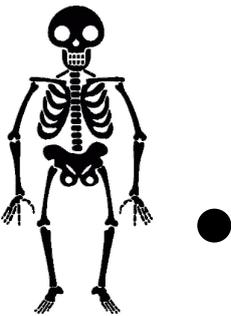

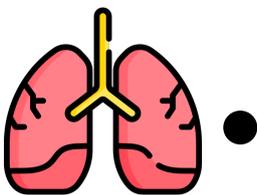

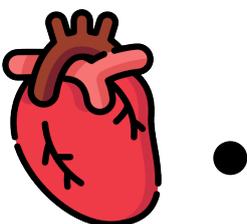

SCIENCE

My Amazing Body

Date: _____ Day: _____ Month: _____

Directions

Match the pictures to the words.

 bones heart lungs muscles stomach

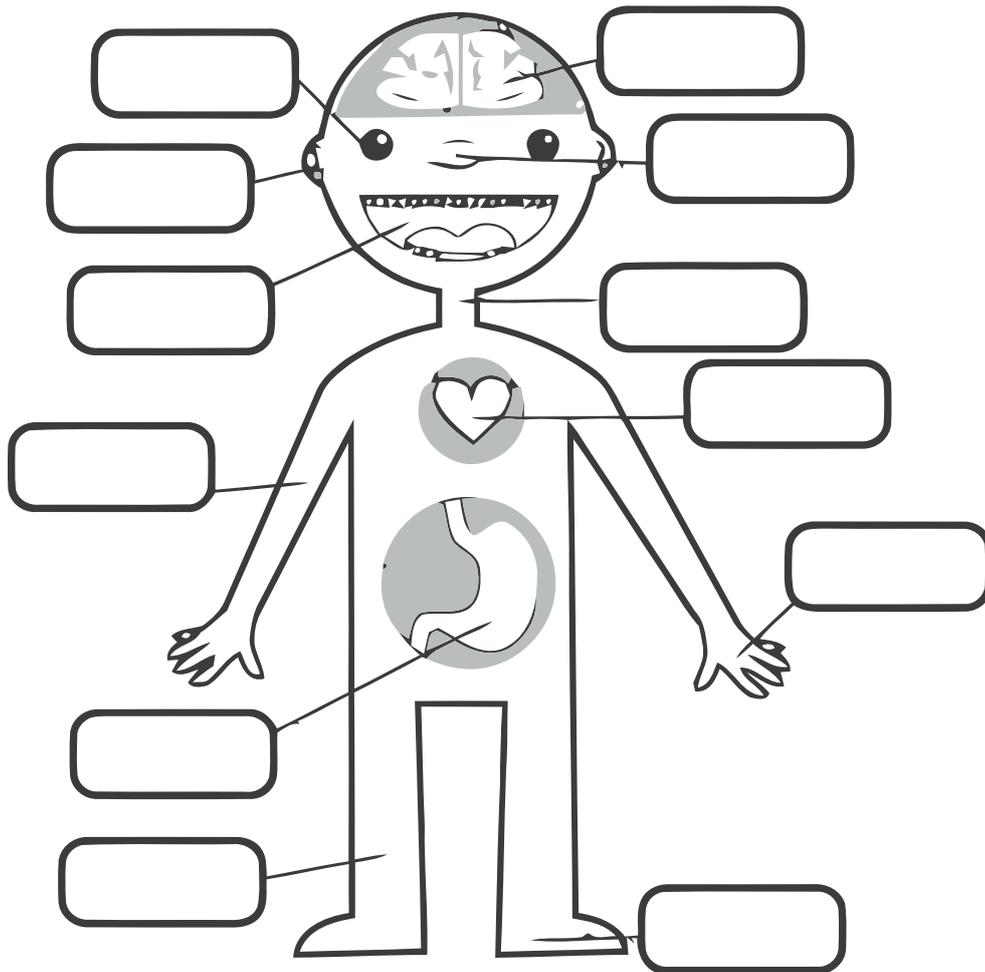

SCIENCE

My Amazing Body

Date: _____ Day: _____ Month: _____

Directions

Labels the parts of the body.

nose	eye	heart	arm
neck	leg	hand	brain
foot	mouth	stomach	ear

SCIENCE

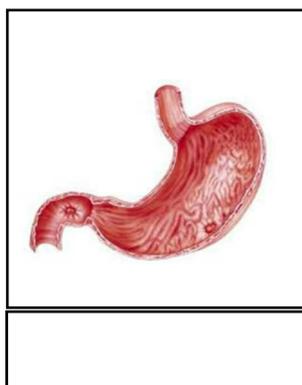

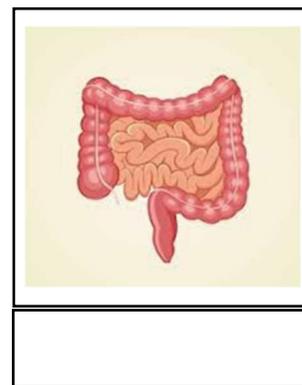

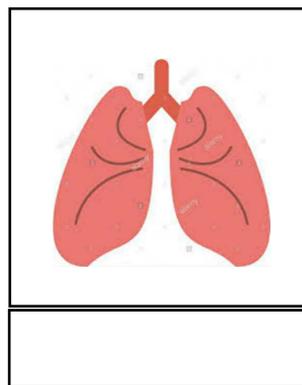

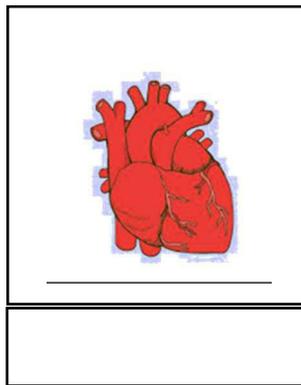

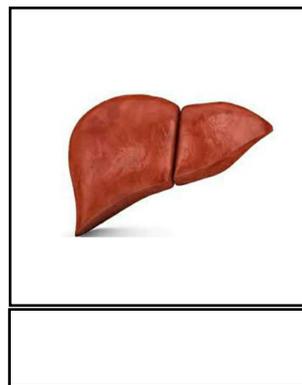

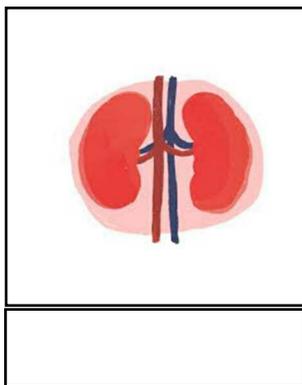

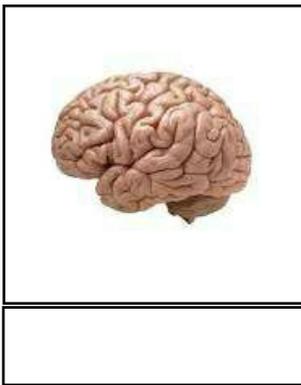

My Amazing Body

Date: _____ Day: _____ Month: _____

Directions

Label the body organs using the word bank.

liver	heart	kidneys	intestines
skin	brain	lungs	stomach

SCIENCE

My Teeth

Date: _____ Day: _____ Month: _____

Directions

Color the following picture.

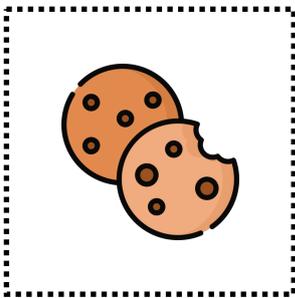

is for

dentist

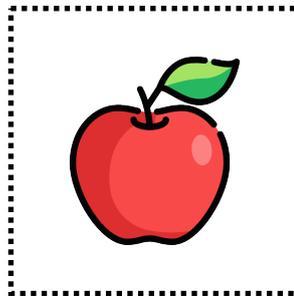

Date: _____ Day: _____ Month: _____

Directions

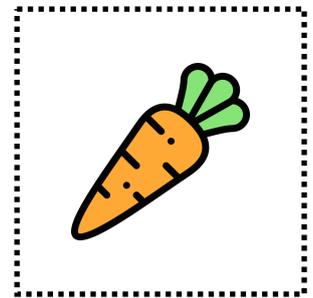

Cut the pictures and paste on the next page in the correct column.

biscuits

apple

carrot

sweets

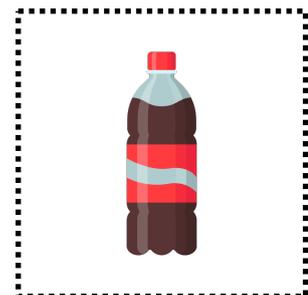

cupcake

yogurt

cheese

cold drinks

SCIENCE

My Teeth

Date: _____ Day: _____ Month: _____

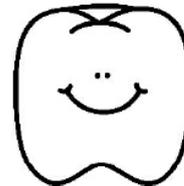

Directions

Cut the pictures from the previous page and paste in the correct column.

Bad for Teeth

Good for Teeth

SCIENCE

My Teeth

Date: _____ Day: _____ Month: _____

Directions

Complete the chart for the next four weeks by checking off the box when you brush your teeth.

	Morning	Night	Morning	Night	Morning	Night	Morning	Night
Monday	<input type="checkbox"/>							
Tuesday	<input type="checkbox"/>							
Wednesday	<input type="checkbox"/>							
Thursday	<input type="checkbox"/>							
Friday	<input type="checkbox"/>							
Saturday	<input type="checkbox"/>

SCIENCE

Float and Sink

Date: _____ Day: _____ Month: _____

Directions

Circle the things that you think will float and draw a box around the things that you think will sink.

Date: _____ Day: _____ Month: _____

Directions

Cut the pictures and paste on the next page.

feather

stone

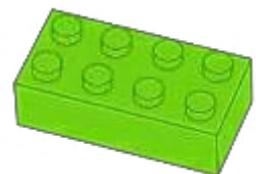

leaf

coin

nail

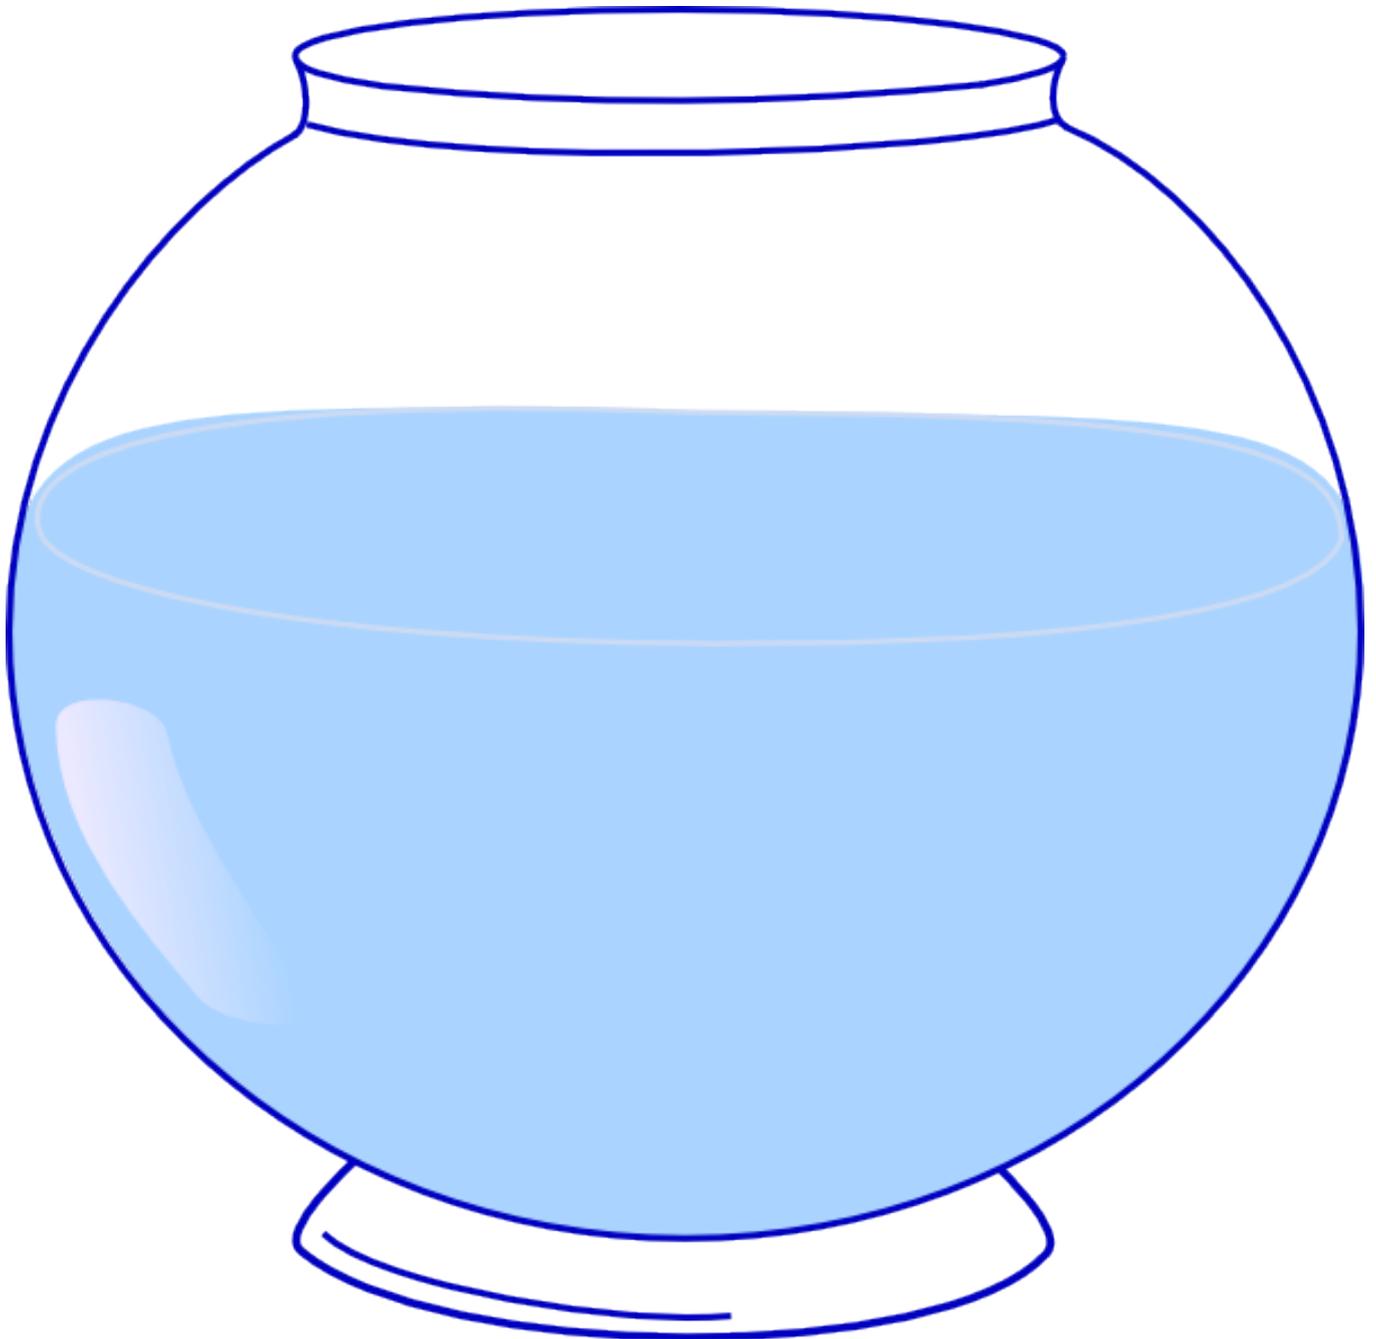

toys

SCIENCE**Float and Sink**

Date: _____ Day: _____ Month: _____

Directions

Paste the pictures from the previous page in the water bowl.

SCIENCE

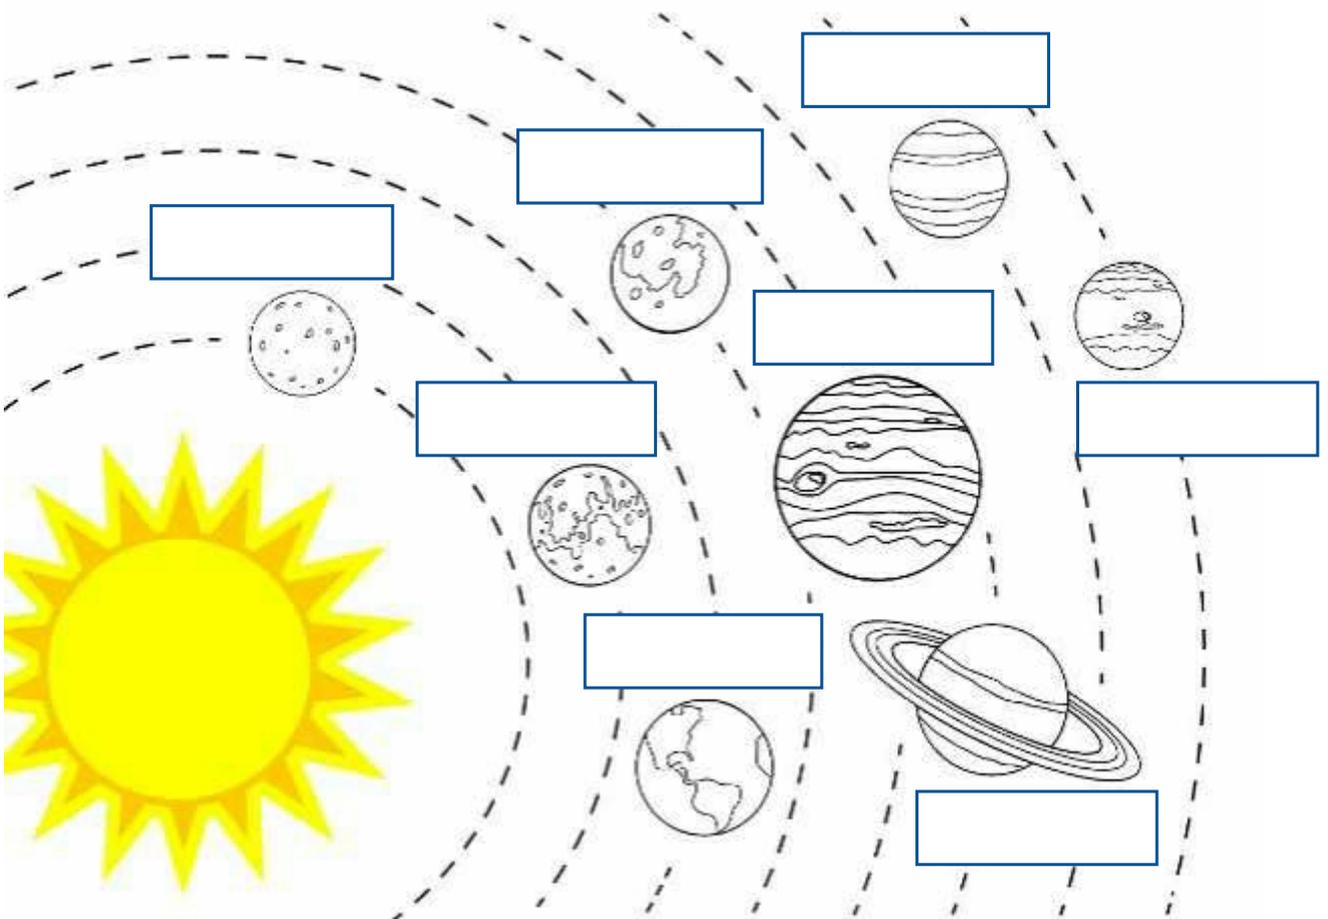

Solar System

Date: _____ Day: _____ Month: _____

Directions

Write the name of each planet.

- | | | | |
|-------|---------|---------|---------|
| Earth | Jupiter | Neptune | Mercury |
| Mars | Saturn | Uranus | Venus |

Which planet is your favourite? Why?

Date: _____ Day: _____ Month: _____

Directions

Match each planet to its description.

Mercury •

- The largest planet in our solar system

Venus •

- The smallest planet in our solar system

Earth •

- Where we live

Mars •

- The hottest planet

Jupiter •

- Has seven rings and at least 60 moons

Saturn •

- The windiest planet with winds up to 1,200 mph

Uranus •

- Known as the "red planet"

Neptune •

- An "ice giant" that spins on its side

Date: _____ Day: _____ Month: _____

Directions

Cut and paste the planets on the next page. Then label each planet.

Uranus

Jupiter

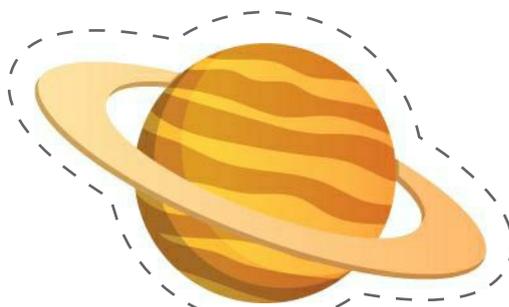

Mars

Mercury

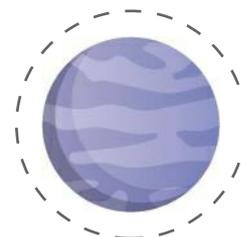

Earth

Saturn

Venus

Neptune

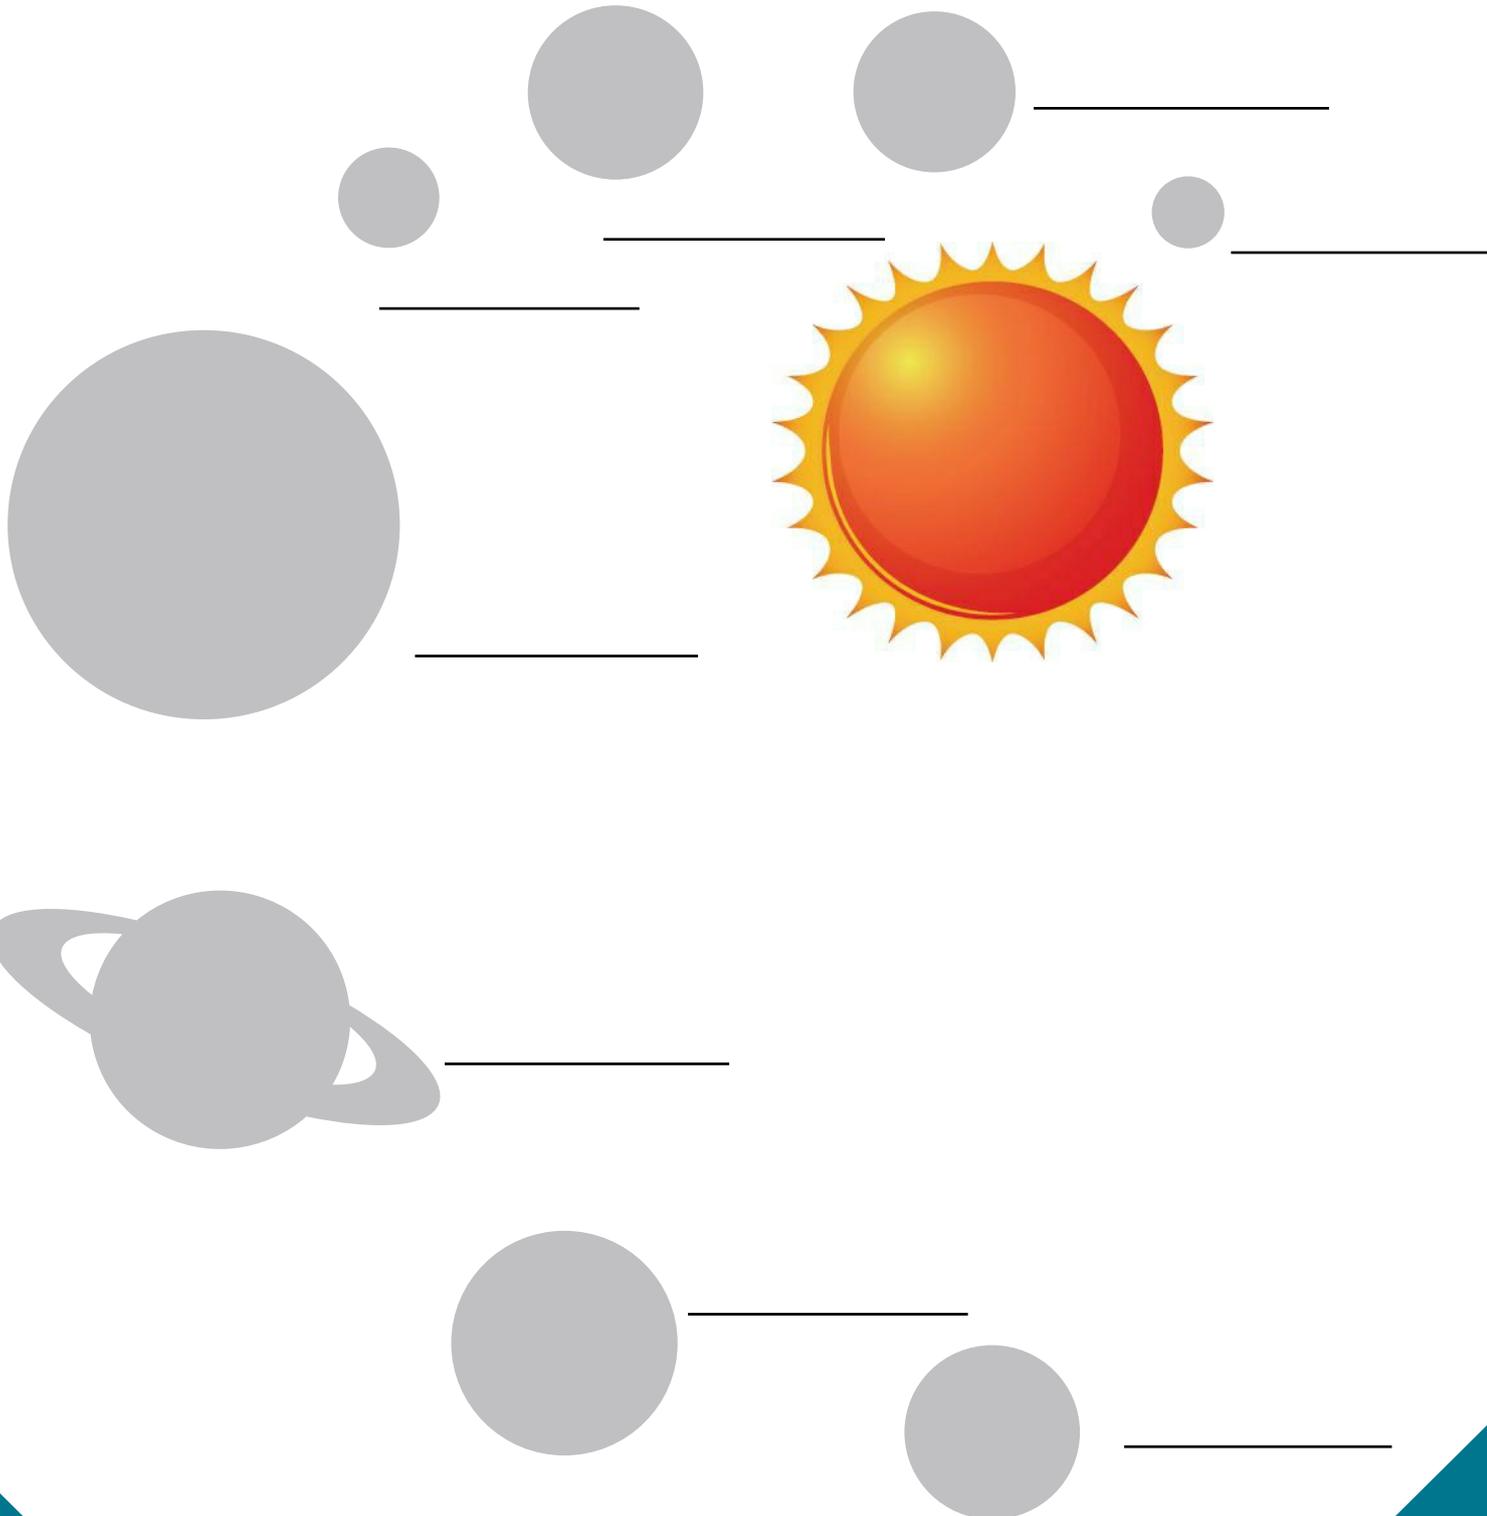

SCIENCE

Solar System

Date: _____ Day: _____ Month: _____

Directions

Cut and paste the planets from the previous page. Then label each planet.

SCIENCE

Solar System

Date: _____ Day: _____ Month: _____

Directions

Color the picture of the earth.

Date: _____ Day: _____ Month: _____
